## Release information

### Pay VIP subscriptions with gift cards

It's now possible to pay for VIP subscriptions with gift cards. A gift card id can either be submitted from the web via WsPCL or added to the VIP subscription in Harmony. The gift card is linked to the customer's VIP subscription at this time, but no money is reserved on the gift card. The customer's VIP subscription will then primarily be paid for by the gift card, as long as there is money left. When / if there is no money left on the gift card, the subscription is paid with the payment method that is laid out on the customer's loyalty subscription.

Please contact Evolution Commerce by interest.

### Weborder name missing

If the web shop has sent a "," (comma sign) in the name of the customer to Harmony, the name has been removed.

This is now corrected in WsPCL version >= 3.8.6.

### Minor adjustments

This release also contains adjustments around Voyado, purchases and invoices.

Affected customers are informed separately.
