

Harmony Release 2022-10-25

Type:	Release Window	Release date:	2022-10-25
-------	----------------	---------------	------------

Release information

Harmony Released Features

- Feature ECS-4024 Store Replenishment**
 Adjustments of the possibility to switch off or tune amount in the functionality for picking parcels from buffer area directly to stores.
- Feature 25507 - Fix for Fiskaly**
 Closing a Z-receipt from another cashpoint
- Feature 25054 - Loyalty Points (VIP)4**
 The functionality is already that points are created on the customer if the invoice balance is less than or equal to zero and if there are no points already on the invoice with type = '01' (Buy e-commerce). Now it has also been added that customer points are not generated, if Do Not Log Points is ticked on the invoice code on the accounting template image.
- Feature 25191**
 Reads parcel marking Csv file and converts to XML
 Sending in the XML file to Harmony
 Skips lines in the CSV file that do not contain an external package ID
